

IS YOUR CHURCH BIBLICALLY INCLUSIVE?

SGP Partnership Meeting
in association with Living Out
Wednesday 7 June 2017

The Living Out LOCAL course is designed to help church leaders to understand how they can better help those who experience same-sex attraction to stay faithful to biblical teaching on sexual ethics and flourish at the same time. The course will offer a positive biblical vision and practical steps forward as we seek to model both grace and truth in our Christ-like love for all those who experience same-sex attraction.

The Living Out team will share their insight and stories as same-sex attracted Christians who hold to traditional biblical teaching on sexual ethics and who have spoken and written on this subject widely.

This course is taking place on Wednesday 7 June 2017, in Hove, from 10am to 4:30pm.
